

Enabling Cookies

Operating System: Windows XP

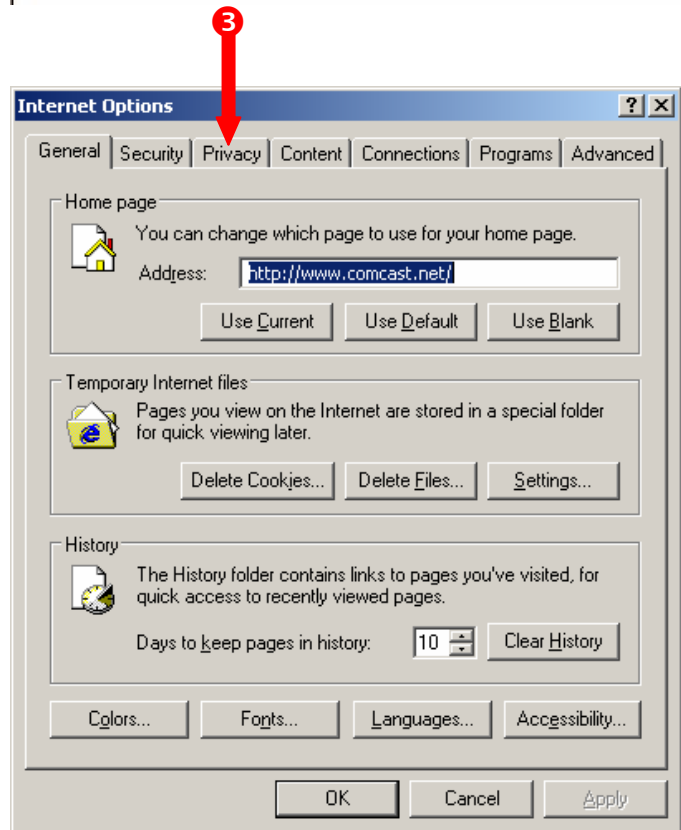

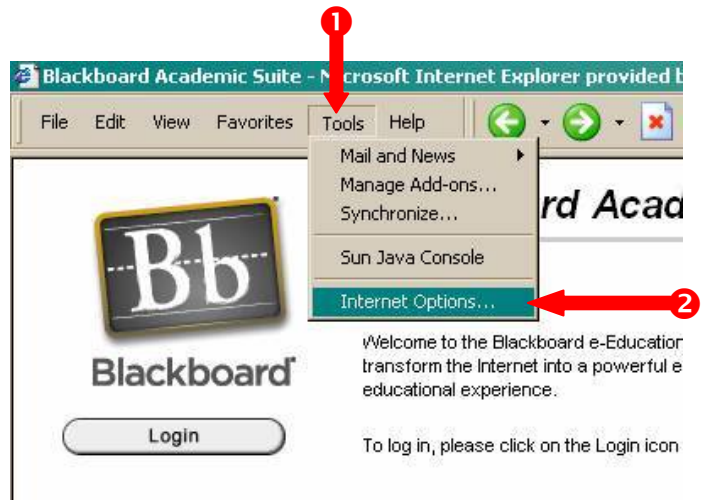

Browser: Internet Explorer v. 6.0.29*

* Different versions of Explorer will appear slightly different

Step 1: 1 → On Internet Explorer (IE) select **Tools** on the menu bar.

Step 2: 2 → On the dropdown, select **Internet Options...**

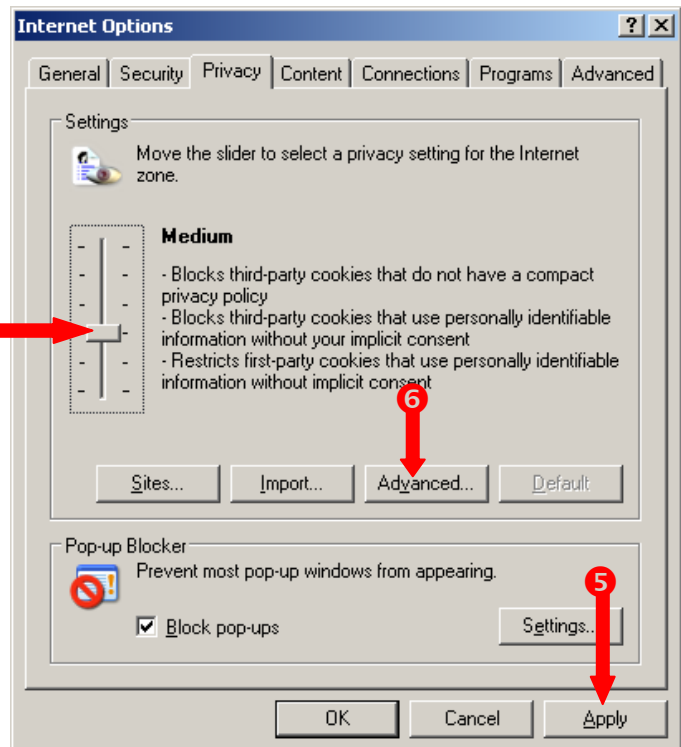

Step 3: 3 → On the pop-up window, select the **Privacy** tab.

Step 4:  In the Privacy setting window, set the slider to **Medium**.

Step 5:  Click **Apply**.

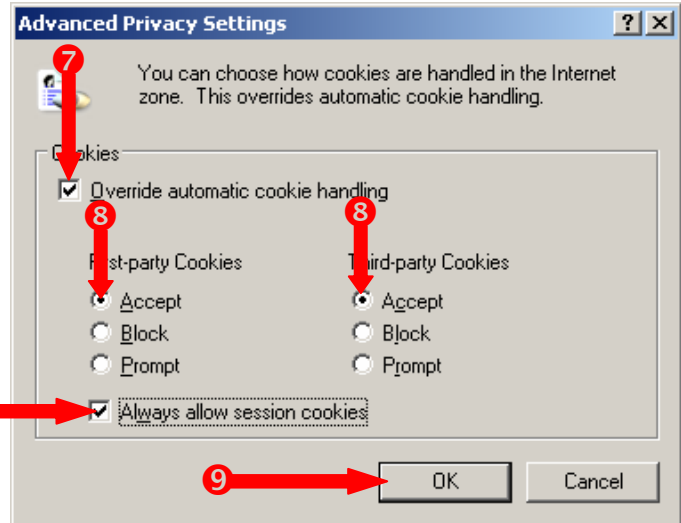

Step 6:  Click the **Advanced...** button.

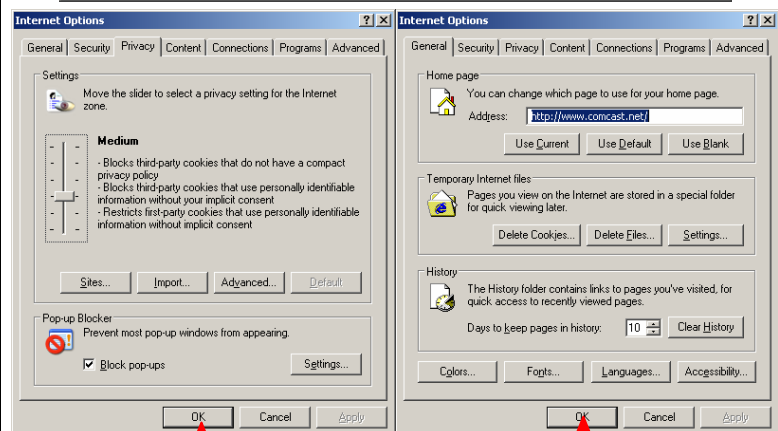

Step 7:  On the next pop-up window, check the **Override automatic cookie handling** check-box, if not already checked.

Step 8:  Select **Accept** under First-party Cookies, then select **Accept** under Third-party Cookies.

Step 9:  Check the **Always allow session cookies** checkbox. Then click **OK**.

Step 10:  On the next screen, click **OK**, then **OK** again to close the Internet Options window.
