

View Grades ...

To view your grades in a PISD eSchool course in which you are enrolled, or to view your son/daughter's grades, follow the steps shown below.

Step 1:  Navigate to <http://courses.pisd.edu> and click the **Login** button.

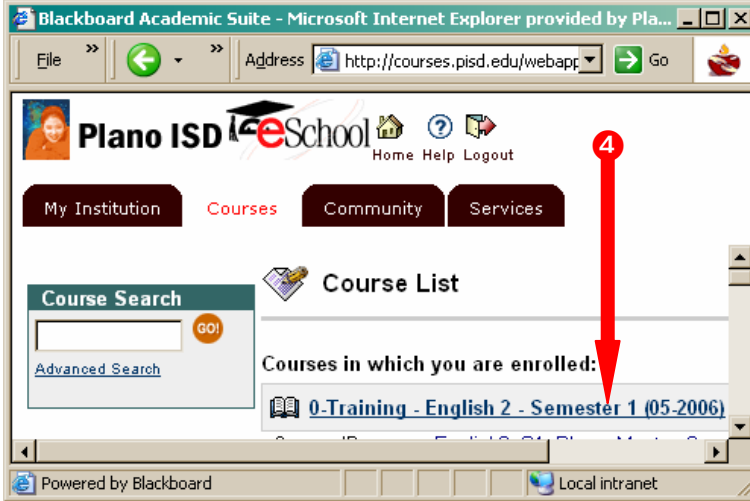

Step 2:  Enter the **Username** and **Password** provided to you in the Welcome letter you received from the eSchool office. This will be sent to you normally within two working days of the time that you register. You will receive this Welcome letter first by email and then through USPS mail.

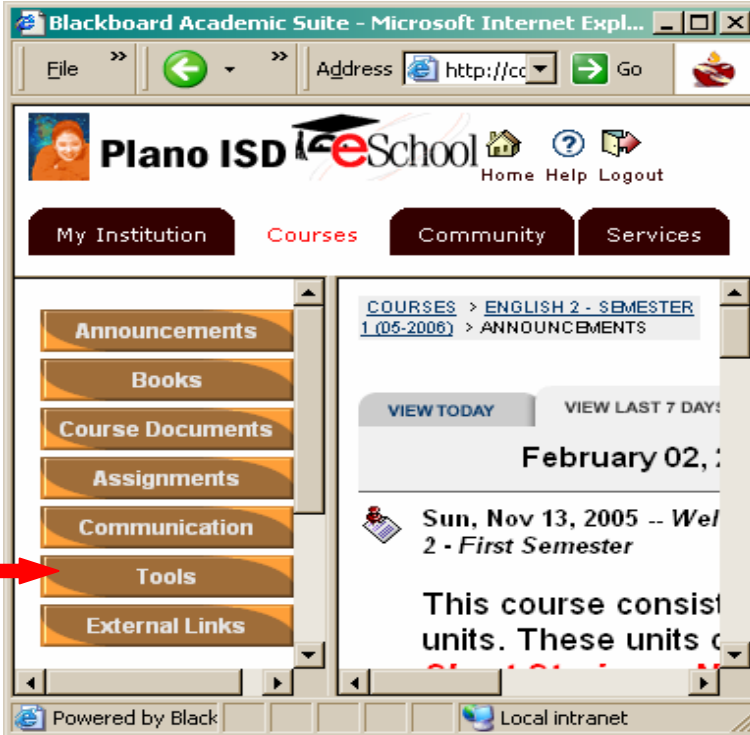

Step 3:  Click **Login**

Step 4: **4** → Click the link to the course in which you want to check the grades.

Step 5: **5** → Click Tools

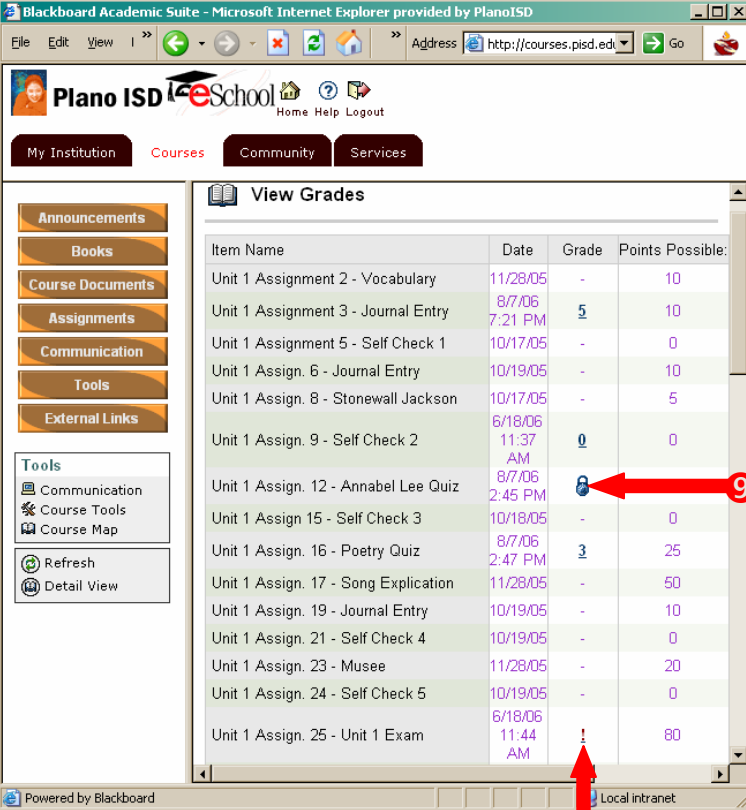

Step 6: **6** → Click My Grades

Step 7:  In the next (**View Grades**) window, you can see the grades that you have scored on each assignment. Also, under the **Date** heading, you can see when the submission to the teacher was made.

[Note: an exclamation mark (!)  in the Grade column indicates that the assignment has been submitted to the teacher, but the teacher has not yet graded it. The **lock symbol**  indicates that the assignment is currently being taken, or that an attempt at the assignment has been made, but the student has not yet Submitted the work. Most eSchool tests are set such that the student must complete the test in one sitting. If the student started a test and did not complete it (did not hit the **Submit** button), or if the Internet connection was lost, the test will be "**locked**" and the student must contact his/her teacher to release the test for another attempt.
